

## Thank You For Your Purchase

Thanks for your purchase and your business. It means a lot to me that you're interested in my product, not only this, but I like action takers, not the ones who sit on the fence for too long missing out on the opportunities that pass them by, then wondering why they're not getting too far pursuing their online goals.

Okay, within this package you've just purchased, you'll find 2 folders... which are:

Module 1 - Opt-in Pages

Module 2 – Licenses

### **Module 1**

This module contains all the opt-in squeeze pages for your ebooks you've just purchased.

### **Module 2**

Module 2 contains all the licenses for you and your customers.

Enjoy! If you have any issues, simply contact me. You'll find my details on your receipt.
